Dear Mr. Buckley:

Arch Leadership PAC is limited in its activity and currently is run exclusively with volunteer resources. Schedule B supporting Lines(s) 21(b) will be amended to reflect that "Political consulting" refers to "Fundraising services" performed by Targeted Strategies Group. Targeted Strategies Group is no longer consulting for Arch Leadership PAC. Instead the PAC is being maintained with volunteer time and doesn't maintain office space or overhead because of its limited activity. The contributions to Bennett 2008, The Bob Roggio for Congress Committee, Friends of Glenn Nye, John Boccieri for Congress, Martin Heinrich, Skelly for Congress, Tom Allen for Senate and Yarmuth for Congress should be allocated toward the General 2008 election cycle and will be reflected in our amended report. The error was simply clerical.

Don't hesitate to contact me with any further questions.

Sincerely,

John Ross Truman
